📁 My Portfolio

📍 Chittagong, Bangladesh

Creative UI/UX Designer with hands-on experience in SaaS dashboards, mobile apps, and ERP tools. Passionate about solving user problems through design.

PROFESSIONAL EXPERIENCE

UI/UX Designer, Titas Concepts 

01/2025 – present
Chattagram, Bangladesh

Working on a contract basis as a UI/UX Designer, contributing to web and app design projects.

UI/UX Designer, Rushkat

08/2025 – 08/2025
Remote, South Korea

I worked on a Portfolio project where I designed a Landing page for the company which will increase the conversion rate, making users into customers.

UI/UX Designer, RILO IT & Software Ltd. 

07/2025 – 07/2025
Chattagram, Bangladesh

I worked on ecommerce platform and office management system. I created landing pages, websites and dashboard designs for all type of users.

UI/UX Designer (Intern), DigidenIT 

02/2025 – 06/2025
Chattagram, Bangladesh

Completed 4 live projects including LMS, ERP, HRMS, and Admission Bus Management systems. Focused on user flow, wireframes, and high-fidelity designs using Figma.

Trainee, Edge Skill Training Program (2024)

09/2024 – 12/2024
Chattagram, Bangladesh

Completed a professional UI/UX course focused on user research, wireframing, and prototyping with hands-on project experience.

PROJECTS

ERP Design for Construction company (Figma Link) 

Designed ERP software with simplified flows for non-technical users.

HRMS - HR Management System (Figma Link) 

HR Management System for DigidenIT with employee management and admin dashboard features.

CommunAid - A Local Community Problem Solving App (Case Study) 

A mobile app connecting neighbors through events, urgent help requests, and shared resources.

Client Work (Contest) - Order picking and Stocktake Inventory App 

Designed an efficient warehouse operations app with sleek UI.
